TEMPERANCE DAY ADDRESS GIVEN BY DR. WADMAN

[Special Star-Bulletin Correspondence.]
WAILUKU, Maui, July 11.—"Temperance Day," as planned by the committee on arrangements in charge of the annual conference of the Hawaiian Evangelical Association was an unusual success. Beginning with a sunrise prayer meeting, all the sessions of the day had as their keynote, "Prohibition of the Liquor Traffic."

At 10 o'clock in the morning Revs. A. A. Eberole and Akalo Akana addressed the delegates on the subject, "Our Duty in Regard to Temperance," making a stirring appeal in behalf of unity of effort on the part of all Christian men of these islands against the common foe of intemperance. Their ringing words of eloquence made a deep impression. Following closely upon these speakers were Rev. J. F. Cowan and S. Kanu, who spoke of the duty of the Christian church on the liquor problem. Doctor Cowan's paper teemed with epigrammatic arguments which he drove in to the heart of the large audience with sledge hammer force, while Mr. Kanu, whose eloquence in the Hawaiian language is so well known, pictured scenes which he had seen in other years of the awful effects of drunkenness among his own people, especially in the youth of the land, and then proceeded to plead for a forward movement on the part of the church in the matter of prohibition.

In the evening at the Maui Theater, Rev. John W. Wadman, D. D., superintendent of the Anti-Saloon League of Honolulu delivered an able address on the subject of "Temperance," which he illustrated with some 50 excellent slides that were made for the express purpose of this lecture at Wailuku. He will use them subsequently on lecture tours throughout the islands, and will add somewhat to them as time goes by. The audience was deeply interested in all he said. Rev. Stephen L. Desha interpreted Dr. Wadman to great advantage.

This lecture lasted about an hour. The theater was filled with people, many of whom came from Wailuku and were not delegates to the conference. Following Dr. Wadman, Mr. Samuel Robley spoke upon the same topic of "Temperance," telling his own sad experiences in the earlier part of his life. His brother was drowned after he had been drinking heavily, and Mr. Robley told of the awful feeling that came over him when his brother's dead body was dragged out of the water. Speaking for about one hour, he held his audience much the way he holds his hearers in Honolulu when he speaks about the experiences in the "underworld" of life.

D. C. Jacklin's yacht *Cyprus* is almost ready for commission again. She is being provisioned for a cruise. Thirty-two feet of steel hull and decking have been added to her amidships, a raised forecastle has been built and a dummy smokestack installed.

PROMOTION COMMITTEE TO DISCUSS PROPOSED WAIKIKI AMUSEMENT PIER

Secretary Says Organization
Would Stand Behind Any-
one Undertaking Venture

The plans which Architect H. L. Kerr has drawn for the proposed amusement pier at Waikiki probably will be taken up for consideration and discussion at an adjourned meeting of the members of the Promotion Committee which has been called for 2:30 o'clock this afternoon. According to Secretary H. P. Wood this does not mean that the Promotion Committee intends undertaking the construction of such a pier. However, the committee doubtless would stand back of such a project if undertaken by private parties.

"There might be persons in Hawaii or on the mainland who would finance such a project," said Mr. Wood this morning. "I believe that there is local capital which might be well expended along this line."

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisaturated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisaturated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisaturated magnesia from your druggist, eat what you want at your next meal, take some of the bisaturated magnesia as directed above, and see if I am not right." For sale by Hollister Drug Co., Benson, Smith & Co., and Chambers Drug Co.—advertiser.

Success never comes to the man who sits on a dry goods box and whistles for it.

The matter of an amusement pier at Waikiki, a place of recreation for tourists and Kamaaina alike, was suggested to the Promotion Committee about six months ago, at which time it was met with hearty approval by the members. At that time Mr. Kerr was asked to submit plans for such a pier. "I have not made the plans as an architect, but rather as a private citizen," said Mr. Kerr this morning.

Another matter which is to come before the meeting tomorrow will be a discussion regarding the type of posters for the 1915 Mid-Pacific Carnival. It is possible that the committee will decide to call for designs almost immediately. It is the idea of the Carnival directors to have a poster showing a beach scene, with Diamond Head in the background and a prominent figure in the foreground. It is said that posters depicting a surfer rider have been seen today.

THIRD DAY IS MOST PITHY OF ENTIRE SESSION

Evangelical Association Delegates Hear Chaplain Scott Deliver Stirring Address

[Special Star-Bulletin Correspondence.]
WAILUKU, Maui, July 12.—The third day of the 92d annual conference of the Hawaiian Evangelical Association was marked by a deep spirit of reverence and an increased interest in the topic of the hour. Beginning with the sunrise prayer meeting at 6 a. m. and continuing until noon, discussions and reports followed in rapid succession, completing a program, which though short, was one of the most pithy and inspiring of the series thus far.

A discussion of the subject, "Ideal Pastors," was led by Rev. J. M. Lydgate and Rev. Charles M. Kamakawiole. Mr. Lydgate spoke first in Hawaiian and later in English. The climax of the morning was reached in an address by Chaplain O. J. W. Scott, of the 25th Infantry, who was to have given an illustrated lecture on army experiences at the Maui Theater on Thursday evening, but who was unavoidably detained in Honolulu. Striking in personality and address, and with a deep earnestness pervading his remarks, Chaplain Scott held the attention of his audience from start to finish.

The afternoon was given over to an excursion to Haiku on the Kahului railroad, 450 delegates thronging the coaches on this picturesque trip. At the end of the line the Haiku Fruit and Packing Company, of which W. A. Baldwin is manager, presented each delegate with a mammoth pineapple. Special music was rendered by a chorus from the Young People's League of Oahu under the direction of Charles King.

Fool Shipping Regulations

"We cannot refrain from expressing an unequivocal amount of admiration for the solemn manner in which such fool measures as the Weeks' resolution are handled by the senate," such is the comment of Shipping Illustrated on the motion of Senator Weeks that American war vessels be equipped for passengers and freight and put on the run from the United States to South America and used for commercial purposes.
